SONDRIO, AN ALPINE TOWN IN THE CENTRE OF THE ALPS

- Set in the heart of the Alps, Sondrio is a little jewel, made of wood, water and stone, immersed in a breathtaking landscape.

SONDRIO, A WELCOMING GREEN TOWN

The railway station.

Bike Sharing scheme

- Not far from the railway station we make bicycles available for shared use through a self-service rental scheme in which people hire bicycles for short-term use within our town and nearby villages.

Bike racks, lockups, and lockers

CAR SHARING

- Electric cars to reduce our ecological footprint

Electric car charging points

PUBLIC TRANSPORT

- We encourage greener practices by reserving certain lanes for bicycles, promoting the use of electric buses, electric cars and carpooling.

A TOWN FOR CYCLISTS

Along the river Mallero

—

A clean town

Cigarette butt
holder

A town that celebrates the joy of Nature

Bartesaghi Park

Along the Adda River families can go jogging or cycling.

A country road among the vineyards

- Cyclist can enjoy a breathtaking scenery from narrow country roads surrounding Sondrio.

Valtellina trail

- The Valtellina trail can be followed on foot or by bike and is immersed in vegetation, winding **114 km** along the Adda river from Colico to Bormio.

ADDA MALLERO PARK

The park features several bike and hiking paths that range outward from the central ring.

An aerial photograph of a village nestled in a valley. The foreground shows a large circular overlay with a semi-transparent background, containing text. The village features a prominent church with a tall, white bell tower and a green dome. The surrounding landscape is lush and green, with rolling hills and mountains in the background. The sky is clear and blue.

Places of cultural interest

An ancient monastery

Grumello Castle

- This medieval castle is perched atop a terraced rocky butte, in a strategic spot on the sunny slope, a few kilometers from Sondrio.

The castle that overlooks Sondrio was erected in a strategic position. Today, the castle complex is owned by the municipality..

Prehistoric rock inscriptions

Memorial Trail

A long, circular trail passes through the principal archeological sites and prehistoric rock inscriptions in the township of Sondrio.

Prehistoric rock incisions are visible near the church of S. Bartolomeo, on a glacial erratic in Triangia, anthropomorphic figures, open-armed or bearing weapons, can be seen in the hamlet of La Ganda, and there are more human figures a few hundred metres from the Sanctuary of the Madonna della Sassella.

The ring of Sassella and the wine cliffs

Frescoes inside
Saint Mary
Church at Sassella

- From the park, hikers can take the **Valtellina trail** in the direction of Morbegno, which is officially open from April to October, with a refreshment stand and public WC.
- A pause by the side of the water lily pond.

The Sky footbridge

For those who are instead in search of an adrenaline rush and an unforgettable feeling of freedom, just a few minutes

outside **Sondrio** it is possible to enjoy unique experiences while admiring the mountains from on high in complete safety...

The sky footbridge

- From the bridge's walkway, a full 234 meters long, visitors can take in the amazing panorama of the Rhaetian Alps.
- In the background, the landscape opens onto the bottom of the **Valtellina** valley, culminating in Lake Como: an unforgettable sight.

- Sondrio under a blanket of snow.

OUR COMMITMENT FOR SUSTAINABILITY

Sustainable development is the kind of development that meets the needs of the present without compromising the ability of future generations to meet their own needs.

We are committed to promoting sustainable development of our town by focusing on the values of our community such as solidarity, identity, proximity to the territory, accessibility.

To achieve our goals we are working on :

Green features

- **WALKABLE AND BIKEABLE NEIGHBORHOODS:** Pedestrian bridges, bike path networks.
- **SOLAR FARMS:** The switch to clean energy is essential for cities to become sustainable. Solar farms can improve air quality while also providing renewable energy to citizens and municipal facilities.

GREEN FEATURES

- GREEN BUILDING:Smarter heating systems
- LED LIGHTING SYSTEMS:an efficient solution to improve road safety,save energy and reduce maintenance costs.
- ACCESSIBLE PUBLIC RESOURCES:These resources also include recreational facilities and programs in which community members can take part. Our museums and cultural centres help Sondrio define its identity and cultural heritage rehumanizing our town.We allocate public funds towards cultural amenities and events.This is a great way to promote diversity and inclusion at the town level and help build bonds within a community.
- PUBLIC GREEN SPACES:Parks, greenways and trails, street trees and protected conservation areas are all examples of public green spaces.
- WASTE MANAGEMENT:Widespread recycling containers / Against Tobacco Day .Students involvement

OLYMPIC GAMES

- The Olympic Games 2026 will be held in our province . Since the announcement we have been involved because the infrastructure needed can affect also our town. We took part in discussion boards about mobility to avoid a great impact on our natural environment.

THANK YOU FOR YOUR ATTENTION
